Dear Regina Hübner,

We are very pleased to invite you to participate in **VIDEOFORMES 2019**, the International Digital Arts Festival in Clermont-Ferrand, France.

As main curator of the event, I would be glad if you accepted to present your piece *loving* in our exhibition program.

Our festival exhibition program takes place in different venues from March 14 to 31. *loving* would be exhibited in Salle Gilbert-Gaillard, in the heart of the city.

Please note that we would expect you a few days in advance, so you can participate in the production and setting of your piece. Our production manager would then get in touch with you.

We also invite you to participate in the festival (March 14>17) to enjoy many opportunities to meet international art professionals.

Our festival produces two catalogues, one in French, one in English, in which your work would be presented, as well as video interviews, live artists talks on the internet.

We do hope this proposal is appealing and are wishing a positive feedback from you.

Looking forward to hearing from,

yours sincerely

Gabriel Soucheyre,

VIDEOFORMES Director
